Château d'Aïre

Vernier - Geneva - Switzerland

Swiss UMEF
UNIVERSITY OF APPLIED SCIENCES INSTITUTE

The campus is located in an old priory in Geneva that dates back to the 15th century. It is a classified monument, which was restored in 1917 and is constantly maintained in perfect order.

The campus covers an area of 18,400 sq. m. It is a magnificent environment with a view of the Rhône River and the iconic Salève Mountain. In this environment, students will be able to concentrate on their studies and be involved in research.

The campus is easily accessible from the Geneva train station (Gare Cornavin), being only 3.4 km away and 10 minutes by car. A bus service (N° 7) close to the Cornavin Train station also drops you off in front of the main door of the campus.

UMEF students enjoy the privilege of using this unique environment both during their studies and their free time. They are also free to invite their friends over.
