Indicators Used

| INDICATOR | DESCRIPTION AND HOW IT WAS CALCULATED |
|-----------------------------------|--|
| Acceptation into graduate program | <p>There are four routes for students to continue their studies in a graduate program:</p> <ol style="list-style-type: none">1. Students that continue after their undergraduate degree into a graduate program at our university; It is easy to have that figure as they register with us.2. Students who continue into a graduate program in another university; We are asked to provide information and references to the other university and monitor our alumni through the alumni association.3. Students who enter active life for a period of time and then decide to enter a graduate program; The information is also obtained through the alumni associate4. Students that do not enter into a graduate program. The information is also obtained through the alumni associate |
| Graduation rate | Graduates are students who have obtained their diploma after having obtained the required number of ECTS and successfully defended their thesis. |
| Job Placement Rate | Some of the students are already employed, at least in part-time positions. The alumni association keeps statistics on the employment of the alumni. |
